OUT-OF-TOWN CALLS

An Interexchange Rate Applies on a Call to Any Telephone Beyond Your Local Service Area

STATION CALLS

A Station call is one on which you will talk with ANYONE WHO ANSWERS at an Individual Line or Party-Line telephone or Private Switchboard. The rates are less than on Person Calls.

APPOINTMENT CALLS

Appointment Calls are Person Calls on which you wish arrangements made in advance with the station or person to be called to talk at a specified time.

MESSENGER CALLS

Messenger Calls are Person Calls requiring the use of a MESSENGER to secure attendance of a designated person at the called telephone.

PERSON CALLS

A Person Call is one on which you wish to talk with a PARTICULAR PERSON SPECIFIED BY YOU. If you desire connection with a particular station of a Private Branch Exchange without specifying a particular person, this is also classified as a Person Call.

COLLECT CALLS

Upon request, the charges on calls to most points within the Continental United States, Alaska, Canada, and to certain overseas points may be collected at the called station if the called station or called person accepts the charges.

OVERSEAS CALLS

Information on the availability of telephone service to overseas points and the rates applicable thereto may be obtained from the Long Distance Operator. Some typical weekday rates for a three-minute call are: To Argentina, Australia, Egypt, France, Japan, Sweden, United Kingdom, $12.00; Bermuda, Guatemala, Panama, Puerto Rico, Virgin Islands, $9.00; Hawaii, $7.50.

TELEGRAMS BY TELEPHONE

To send telegrams and cablegrams.
By Western Union Telegraph Company—Call as listed in alphabetical directory.

Rates and Other Information May be Obtained From Long Distance

HOW TO PLACE OUT-OF-TOWN CALLS

STATION CALLS

It is always desirable in placing STATION calls to nearby points, to give the operator the number of the telephone at the distant point. If you do not know the number, please refer to your directory. If the number is not listed, Information may help you. To place a Station Call, give the operator the name of the place and the telephone number you are calling. Give your telephone number to the operator when requested.

STATION CALLS TO POINTS BEYOND THE NEARBY VICINITY should be placed in the manner suggested in the preceding paragraph. If you do not know the number, say for example, "Los Angeles. Anyone at the residence of John Brown, 4000 Highland Blvd."

PERSON CALLS

To place a Person Call, give the Operator the name of the place, the telephone number, and the name of the person with whom you wish to talk. If you do not know the number, say for example, "Los Angeles. John Brown of John Brown Co., 1000 Cass Street." Give your telephone number to the operator when requested.

HOW TO USE THE TELEPHONE

Obtain Telephone Number From Directory

Please obtain the desired number from the latest issue of the telephone directory. If the listing is not found call "Information."

To Place A Call

Lift the hand unit and listen for dial tone before dialing. Dial tone is a steady humming tone. Upon receiving the dial tone hold the hand unit in the hand and dial the number as listed in the directory.

After placing a call, listen for the ringing signal, busy signal, or report from the operator. Please do not abandon the call until you have given the called party sufficient time in which to answer.

The ringing signal is a "burring" sound heard at regular intervals. The busy signal is a steady "buzz-buzz-buzz" sound, indicating that the called line is in use.

To Call Another Telephone On Your Line

At Bishop, dial "19", then the last figure of your number, then the last figure of the number desired, and replace your hand unit.

For Example—if your number is 5321 and the number you wish to call is 5322, dial "19", then "1", the last figure of your number, then "2", the last figure of the number desired and replace the hand unit. The bells of both stations will ring. When the other party answers, the bells will cease ringing. If the other party does not answer within a reasonable time, remove the hand unit momentarily to stop the ringing and call again at a later time.

At Independence, Lee Vining and Lone Pine, dial "9", then the last figure of your number, then the last figure of the number desired, and replace your hand unit.

For Example—If your number is 5321 and the number you wish to call is 5322, dial "9", then "1", the last figure of your number, then "2", the last figure of the number desired and replace the hand unit. The bells of both stations will ring. When the other party answers, the bells will cease ringing. If the other party does not answer within a reasonable time, remove the hand unit momentarily to stop the ringing and call again at a later time.

At Big Pine and Pine Creek, dial "91", then the last figure of your number, then the last figure of the number desired, and replace the hand unit. The bells of both stations will ring. When the other party answers, the bells will cease ringing. If the other party does not answer within a reasonable time, remove the hand unit momentarily to stop the ringing and call again at a later time.

At Benton Station & Crowley Lake, dial the directory number, and replace the hand unit. The bells of both stations will ring. When the other party answers, the bells will cease ringing. If the other party does not answer within a reasonable time, remove the hand unit momentarily to stop the ringing and call again at a later time.

GENERAL INFORMATION FOR CUSTOMERS

Complaints

Our aim is to render a service that will give complete satisfaction to our customers. If at any time difficulties are not promptly corrected or unsatisfactory conditions continue after calling the Business Office, we shall appreciate your communicating the facts directly to the District Manager.

Telephone Directories

This Directory is the property of the California Interstate Telephone Company and is provided for the sole and exclusive use of its patrons, who are requested to maintain it in its original condition, usual wear and tear excepted. The Company assumes no liability because of errors or omissions.

Extra copies of this Directory may be obtained at the Company's office or by mail for fifty cents per copy.

THE INDEPENDENT TELEPHONE INDUSTRY

The California Interstate Telephone Company is an Independent Telephone Company and a member of the California Independent Telephone Association.

There are some 5,400 Independent Telephone Companies in the United States owning and operating about 11,000 exchanges. Bell System Companies operate about 8,200 exchanges or slightly more than two-thirds the number operated by the Independent Companies, but the Bell Companies operate in most of the largest cities.

Independent telephone exchanges have over 8,500,000 telephones in service—approximately one out of every five telephones in the United States.

Independent exchanges are interconnected with other Independent and Bell exchanges and with the Bell System's network of long distance lines to furnish telephone service practically throughout the world.

The placement of any cover or advertising stickers on this directory is illegal.

TELEPHONE SUGGESTIONS for BETTER SERVICE

It will help to provide better service than otherwise would be possible if all telephone users will observe these good telephone practices:

Find the correct number in the directory before you make a call.

Avoid calling "Information" unless the number is not in the directory.

Answer calls promptly — wait long enough for an answer — replace the receiver.

Be a good party-line user, keep from tying up the line with a series of calls and long conversations — wait between calls.

Refrain from making unimportant calls during serious emergencies, and for some time after.

Take good care of this directory.

If you are a participant to party line service and wish to receive maximum service — please follow these suggestions:

1. Before dialing a desired number, make certain the line is not in use. If the line is busy, replace your receiver and wait a few moments before placing your call.

2. Refrain from prolonged conversations, as others may urgently need use of the line.

3. When you have finished your conversation, always replace the receiver.

These suggestions when applied can result in a beneficial service to all members of a party line.

Guardian of Your Home

During the day and through the darkness of the night you have a feeling of *safety* and *security* because of the telephone. It is an ever-watchful guardian of your home—ready to serve you in the ordinary affairs of life and in time of emergency.

The telephone would not be what it is today if it were not for the nationwide spread of telephones. A unified plan of operation has developed telephone service to its present high efficiency and brought it within the reach of people everywhere.

Every Day Is a

Working Day

for Your Telephone

LOSS of TIME and INCONVENIENCE . . .

resulting from calling wrong numbers can be avoided by consulting the current directory before placing a call and by avoiding the use of obsolete directories.

You Can Help Us to Speed and Improve Your Telephone Service

1. By consulting the information pages in the front of your telephone directory.
2. By making sure of the number before calling.
3. By speaking directly, clearly and slowly into the mouthpiece.
4. When called, by answering promptly.
5. By identifying yourself by name or firm when answering.
6. By hanging up gently.

Your telephone contains about two hundred parts, some quite delicate. We want you to have the best possible service at all times, and appreciate your cooperation in handling your telephone carefully.

FREQUENTLY CALLED NUMBERS

This space is provided for your convenience in listing frequently called numbers that are not shown in this, your local directory.

WHAT IS AN EXTENSION TELEPHONE?

An extension telephone is an extra telephone instrument attached to your present line. It can be placed anywhere in your house or place of business.

Since telephone instruments are again plentiful, we are happy to announce that EXTENSION TELEPHONE SERVICE IS AGAIN AVAILABLE.

Extension service will not delay new service for anyone on our waiting list. The only new equipment required is this extra telephone instrument. Thus, the use of plentiful telephone instruments in no way interferes with our expansion program, which calls for installation of other equipment still scarce.

Investigate low-cost, high-convenience extension telephone service, now available for most of this community.

California Interstate Telephone Co.

A SOUND INVESTMENT

in customer procurement!

Your advertising in the *YELLOW PAGES* will bring more new customers, faster, — and at less cost!

Display the brand names of the products you sell under pertinent classifications.

Make it easier for new customers to buy from you.
